### **Other Business**

We need to sort out conference for next year

Stronger linkages with other groups

Mark: perhaps have a stripped down conference.

Golbon suggests perhaps getting stats to move the conference. Andrew: rename it analytics

Is Auckland willing to host next year, given the importance of YPP.

Andrea: only 4 undergrad YPP.

Grant: student paper competition, student focused conference. Perhaps we should change the whole format of the conference.

David Ryan: people here are not just students; if we ran it as a student conference way, fewer people will show up.

Mark: diversify the workload for conference organisation.
